

Guidelines for submitting an abstract

Submission, Deadline

- Abstracts have to be submitted exclusively online.
- Deadline for submission is **17 March 2025, 23:59:00 CET**.
- Posters are equally submitted as abstracts related to the respective topic.

Language, Topics

- Abstracts have to be submitted and presented in English language.
- Each contribution must relate to one of the given topics: Performance & Health.

Size, Content

- The abstract is limited to 300 words without spaces (approx. 2,000 characters).
- The title should be short and concise.
- The number of papers submitted by the same author is limited to 3.
- The presenter must be listed first.

Conditions, Requirements

- The presenter is responsible for the compliance with data protection, copyrights, ethic regulation and export control.
- To assure the anonymous review it is not allowed to mention any names or locations in the paper. The author names shall be listed in the online management system but not in the abstract.
- Accepted abstracts will be published on the conference website as book of abstracts.
- All listed authors have to consent to the abstract text as well as to their publication in all congress media.

Review, Registration

- Abstracts that show formal errors (multi-submission, not anonymised) will be rejected.
- The presenting author is expected to participate on-site and give a live presentation in Freiburg.
- Pay your registration fee before 31 May 2025 – abstracts from first authors that have not paid the registration fee until this deadline will be removed.
- Important: Abstract submission will not automatically include the registration for the conference. Registration has to be done separately.
